

DISPLAYED AT." The changes are shown in red on the attached drawing. A formal drawing of the corrected FIG. 7 has been submitted with this amendment.

IN THE CLAIMS

Please substitute claims 1, 8, 9, 10, and 11 below for the claims having corresponding numbers:

Sub C1
a1
1. A method for tuning a system comprising:
tuning a receiver to a first frequency;
receiving a first field of video associated with the first frequency;
tuning the receiver to a second frequency; and
receiving a second field of video associated with the second frequency, wherein the first field of video and the second field of video are adjacent in time.

Sub
a2
8. A method of providing video, the method comprising:
tuning a receiver to a first frequency;
receiving a first field of video associated with the first frequency;
tuning the receiver to a second frequency;
receiving a second field of video associated with the second frequency, wherein the first field of video and the second field of video are adjacent in time;
tuning the receiver to the first frequency;
receiving a third field of video associated with the first frequency;
displaying an image based upon the first field at a first location of a display device;
displaying an image based upon the second field at a second location of a display device, wherein the first location and the second location are substantially mutually exclusive; and
displaying an image based upon the third field at the first location of the display device to provide a full motion video sequence.

9. A method of displaying video, the method comprising:
